Re: Letter of Recommendation for Sandoukas Painting

To Whom It May Concern:

My husband and I own a 2400 square foot 3 bedroom loft in lower Manhattan. In 2020 we contracted with Sandoukas Painting to remove popcorn ceilings (which were throughout our unit), skim coat and paint the plaster walls, remove chair railing and paint sheetrock walls. They demoed our bookshelves, and walk-in closet and prepped it for a custom made closet installation. They also installed hinges, door handle entry sets, knobs and outlet covers.

Sandoukas Painting started the job on time, finished on time and the job came in on budget. They were professional, pleasant, and knowledgeable. They have a large staff of workers, which was key to getting our job done. We will use their services again as we are planning on moving and purchasing another apartment. I would definitely recommend them.

Please feel free to contact me with any questions.
