Just wanted to send you a memo thanking you for the fantastic work you have been doing, as we get close to completion. Everything looks beautiful, fresh, professional, and so much better than any paint job I ever had before. As you are aware, I had originally hired another group, and it did not work out well at all. Your team stepped in and took over and have been wonderful. I learned a great lesson from this!

I can't believe how fast things are getting done, and with relatively little disruption or mess, even working around me, my granddaughter, a cat and a new kitten! And I have to comment on the clean up as you finish each area— no one has ever done this for me before!

So glad we made the right choice!
